WHAT THE GENERAL SAID!

A noted General being asked by some of his friends how he liked Texas, replied "If I was obliged to choose between Hell and Texas I would choose the former." The above saying is verified every day by parties moving from the North, East and South, and as they cannot decide exactly as to the existence of the former they certainly avoid Texas, and like sensible, industrious people, seek a productive country, such as Missouri, Kansas, Colorado, Nebraska and the Far West. Reader, are you contemplating a trip to such a country on business or pleasure? If so, select the line having the least change of cars and best accommodations. The Old Reliable Hannibal & St. Joseph R. R. (the Pioneer line west of the Mississippi River) offers you through Day Coaches and Pullman Palace Sleeping Cars from Chicago, Ills., Toledo, Ohio, and Indianapolis, Indiana to the Missouri River without change. Tourist and land seeker round trip excursion tickets on sale by this popular route at all Eastern Ticket Offices. BREAD UPON THE WATERS.

From the La Crosse (Wis.) Democrat, July 11

In 1853 Miss Myra Kellogg, eldest daughter of the late Simeon Kellogg, and sister of Mark H. Kellogg, who fell beside General Custer on the Little Big Horn, was married in this city to Mr. Truman J. Safford, who had represented Green county in our Legislature in 1852, and who, in the year above named, had removed to the promising village of La Crosse. The next Spring, however, the young couple moved down into Iowa, and, we believe, settled on a farm, and several years since went into Dakota. He was an honest, hardworking man, but never succeeded in accumulating much of this world's riches. Four years since, just after the evening meal had been eaten, a dirty, ragged, foot sore tramp called at his house and begged for something to eat, saying that he was on his way to California, but had had hard luck, having been taken sick after starting. Mr. Safford made him welcome, and his wife went to work and cooked supper for the stranger. After partaking of the meal prepared, they allowed the tramp to remain over night, and, becoming interested in the stranger, he was entertained for a week, during which time he recuperated his health, and, bidding them good bye, started on for California. Two months since the stranger who, during his four years absence in California, had struck it rich, came back to Dakota and inquired out his old entertainers, and in disguise again spent the night under Mr. Safford's roof. The tramp was particular to inquire into the circumstances of Mr. Safford, and was told by that gentleman that he had "plenty of hard work to do but very little money." The next morning the tramp departed without making himself known, and the conversation and incident had been forgotten when Mr. and Mrs. Safford received through the post office a sealed package which contained the deed of one of the finest farms in their neighborhood, having a good house, barn, stock, horses, wagons, agricultural implements, and everything complete, which was accompanied by an explanatory letter, stating that he wished them to accept the deed of this farm, which he had purchased especially for those who divided with him when in need and treated him kindly when foot sore and poor, and assured them that he was the tramp they entertained years before. Volumes could not say more, and Mr. and Mrs. Safford are now enjoying the gift made them by the stranger.

A Fact for the Workingman.

Cincinnati Gazette

The greenbacks that paid the cost of fighting the battles of the Union and were worth at one time only 35 cents on the dollar are now as good as gold—Right at this time the rebel sympathizers who denounced them originally, and did all they could to depreciate them, want to send them on their downward course again. The result would be what? Gold for the bondholder and depreciated paper for the workingman.

Surest Tranquilizer of the Nerves

The surest tranquilizer of the nerves is a medicine which remedies their supersensitiveness by invigorating them. Over tension of the nerves always weakens them. What they need, then, is a tonic, not a sedative. The latter is only useful when there is intense mental excitement and an immediate necessity exists for producing quietude of the brain. Hostetter's Stomach Bitters restores tranquility of the nerves by endowing them with the vigor requisite to bear without being jarred or disturbed unhealthfully the ordinary impression produced through the media of sight, hearing and reflection. Nay, it does more than this. It enables them to sustain a degree of tension from mental application which they would be totally unable to endure without its assistance. Such at least is the irresistible conclusion to be drawn from the testimony of business and professional men, literateurs, clergymen and others who have tried the fortifying and reparative influence of the celebrated tonic and nervine. WHAT THE GENERAL SAID!

A noted General being asked by some of his friends how he liked Texas, replied "If I was obliged to choose between Hell and Texas I would choose the former." The above saying is verified every day by parties moving from the North, East and South, and as they cannot decide exactly as to the existence of the former they certainly avoid Texas, and like sensible, industrious people, seek a productive country, such as Missouri, Kansas, Colorado, Nebraska and the Far West. Reader, are you contemplating a trip to such a country on business or pleasure? If so, select the line having the least change of cars and best accommodations. The Old Reliable Hannibal & St. Joseph R. R. (the Pioneer line west of the Mississippi River) offers you through Day Coaches and Pullman Palace Sleeping Cars from Chicago, Ills., Toledo, Ohio, and Indianapolis, Indiana to the Missouri River without change. Tourist and land seeker round trip excursion tickets on sale by this popular route at all Eastern Ticket Offices. BREAD UPON THE WATERS.

From the La Crosse (Wis.) Democrat, July 11

In 1853 Miss Myra Kellogg, oldest daughter of the late Simeon Kellogg, and sister of Mark H. Kellogg, who fell beside General Custer on the Little Big Horn, was married in this city to Mr Truman J. Safford, who had represented Green county in our Legislature in 1852, and who, in the year above named, had removed to the promising village of La Crosse. The next Spring, however, the young couple moved down into Iowa, and, we believe, settled on a farm, and several years since went into Dakota. He was an honest, hardworking man, but never succeeded in accumulating much of this world's riches. Four years since, just after the evening meal had been eaten, a dirty, ragged, foot sore tramp called at his house and begged for something to eat, saying that he was on his way to California, but had had hard luck, having been taken sick after starting. Mr Safford made him welcome, and his wife went to work and cooked supper for the stranger. After partaking of the meal prepared, they allowed the tramp to remain over night, and, becoming interested in the stranger, he was entertained for a week, during which time he recuperated his health, and bidding them good bye, started on for California. Two months since the stranger who, during his four years absence in California, had struck it rich, came back to Dakota and inquired out his old entertainers, and in disguise again spent the night under Mr Safford's roof. The tramp was particular to inquire into the circumstances of Mr Safford, and was told by that gentleman that he had "plenty of hard work to do but very little money." The next morning the tramp departed without making himself known, and the conversation and incident had been forgotten when Mr and Mrs Safford received through the post office a sealed package which contained the deed of one of the finest farms in their neighborhood, having a good house, barn, stock, horses, wagons, agricultural implements, and everything complete, which was accompanied by an explanatory letter, stating that he wished them to accept the deed of this farm, which he had purchased especially for those who divided with him when in need and treated him kindly when foot sore and poor, and assured them that he was the tramp they entertained years before. Volumes could not say more, and Mr and Mrs Safford are now enjoying the gift made them by the stranger.

A Fact for the Workingman.

Cincinnati Gazette

The greenbacks that paid the cost of fighting the battles of the Union and were worth at one time only 35 cents on the dollar are now as good as gold—Right at this time the rebel sympathizers who denounced them originally, and did all they could to depreciate them, want to send them on their downward course again. The result would be what? Gold for the bondholder and depreciated paper for the workingman.

Surest Tranquilizer of the Nerves

The surest tranquilizer of the nerves is a medicine which remedies their supersensitiveness by invigorating them. Over tension of the nerves always weakens them. What they need, then, is a tonic, not a sedative. The latter is only useful when there is intense mental excitement and an immediate necessity exists for producing quietude of the brain. Hostetter's Stomach Bitters restores tranquility of the nerves by endowing them with the vigor requisite to bear without being jarred or disturbed unhealthfully the ordinary impressions produced through the media of sight, hearing and reflection. Nay, it does more than this: it enables them to sustain a degree of tension from mental application which they would be totally unable to endure without its assistance. Such at least is the irresistible conclusion to be drawn from the testimony of business and professional men, literary men, clergymen and others who have tested the fortifying and reparative influence of the celebrated tonic and nervine. CITY DEPARTMENT.

A New Invoice of fine white Vests, from $1.00 up, just received at B. Stine's. July 8 dtf

Warmer to-day.

Corn in the country is in full tassel.

Mosquitoes are presenting their bill.

The song of the locust is heard in the land.

Does that howl at night mean an issue that should be abated.

Barnum's date for Decatur is August 6th. Don't mistake the day, boys.

Church prayer meetings this evening to which the public is cordially invited.

Republican primaries in all the wards to-morrow evening. See calls in another place.

Thomas Lee and I. D. Walker have organized a law firm with an office over Martin's restaurant on East Main street.

With a hundred school masters and school marms in the city the young idea ought to learn to shoot rapidly.

Barnum's advertising car left this morning at six o'clock for Litchfield, where the show is to make its next stand after leaving Decatur.

Barnum's show expenses are two thousand dollars per day. So he can't very well afford a small attendance.

Don't forget the district primaries to be held on Thursday evening of this week, at which delegates to the county convention are to be chosen.

Decatur street is being graded, the dirt being thrown up from the sides to the middle. The tendency of the operation will be to turn the water from the street to the ditches at the sides, and the effect will also be to greatly improve the looks of the thoroughfare. Good, clean-looking smooth streets are among the best certificates that a town can furnish of enterprise and thrift.

From Friend's Creek we learn that corn is nearly ... the corn. Hay and oat harvest will be completed this week, if the weather continues favorable. Both crops are immense in that region.

The telephone to be used by Haworth ... between their new office at the corner of Water and South Park streets and their factory at the corner of Morgan and Cerro Gordo streets will be the first one used for business purposes in the city.

Last night's temperature was just right for a pleasant promenade or ride and it was well improved. The sidewalks were alive with pedestrians and a large number went out for a drive or a horseback ride. Indeed Decatur put on metropolitan airs last night.

It is estimated that from two to three thousand people visited Barnum's advertising car at the depot yesterday and the expressions of admiration of the beautiful workmanship were universal. The like has never been seen here before.

Mason street is undergoing thorough repairs, after the fashion of Eldorado street between Church and Main streets. This is one of the worst streets in the city in a muddy time and the rounding up in the centre with good ditches at the side will be an improvement which it has long needed. Several other streets should receive similar treatment.

The excellent crop prospect in this county this year will probably have the effect to change the minds of some people who had determined to emigrate this fall. Good crops will do much to content them where they are. All this part of the country needs to insure abundant harvests is good weather.

Many people who pass over the plank walk on the west side of North Main st. between the railroad and Green street are anxious to know how soon the walk named will be repaired. There is not a plank in the entire distance named that is not loose, and the spikes raise their heads to an altitude that is decidedly dangerous to ladies' dresses and which put boot leather in jeopardy.

Two or three embryo neighborhood quarrels have transpired lately in different parts of the city, but none of them progressed far enough to furnish business for the police court. We understand that women were the principal actors and that tongues were the only weapons used, but it is said that a woman who is right mad can give some savage licks with the unruly member. Keep cool, ladies, and bridle your tongues or they will get away with you. A war of words is quite likely to culminate in something more serious.

GREENBACK PRIMARIES

The primary meetings of the greenback party were held last evening, as announced in our paper of yesterday, and full delegations were elected. Those in the first district are said to be divided in sentiment on the question of Congressman, some favoring Shelley, while others are divided between John Lindsay and P. W. Taylor. The second ward delegates are enthusiastic for Shelley. We have no report from the third.

In the fourth ward the meeting was large and enthusiastic. We have been furnished the proceedings in full, (the publication of which the Prohibition organ refused unless paid 10 cents per line), and while we would like to publish them verbatim we have only room for the following synopsis.

F. J. Smith called the meeting to order, and moved that I. N. Coltrin act as chairman, and W. I. Usrey as secretary.

Pending this motion the question was raised as to the residence of participants in the meeting. On motion it was decided that the place where a man does the most of his thinking is the proper residence of a good greenbacker.

C. H. Barr was then chosen secretary, and the meeting went on.

Moved that we proceed to the election of delegates. Amended by declaring that 1st, We elect delegates without regard to the quota, they casting only the votes to which they are entitled. 2d, That as the ward desires to be *well* represented we select *able* men, regardless of the place where they reside.

Eight delegates and eight alternates were then chosen.

[The list of delegates embraces the names of some of our best citizens, among them being bankers, barber, brewers, lawyers, merchants, etc.]

Major Smith, the hero of Chepultepec, offered the following preamble and resolution which was adopted by a rising vote with prolonged cheers.

Whereas, Samuel Shelley, Esq., is acknowledged to be the father of the greenback movement in Macon county, and we know him to be a man of ability and sterling integrity, a hard working man who sympathises with the capital oppressed masses and knows their wants, a man whom the monied powers cannot corrupt or purchase, therefore,

Resolved, That the delegates from this district be instructed to vote for and use all means to secure the nomination and election of Mr. Samuel Shelley as a candidate to represent this district in the Congress of the United States of America.

On motion W. I. Usrey was chosen special reporter to furnish the press of this city with a full report of the proceedings of this meeting.

The meeting adjourned with three cheers for the greenbackers.

The temper of the meeting was unmistakably in favor of "more money," one delegate proposed to have the greenback printed larger so as to be more valuable, and so that when a man had a dollar he would know it. But the proposition that was received with most favor was to have a blank space left after the figures on each greenback so that when the holder of one became hard up he could add three or four more ciphers and thus have the means of inflating the currency in his own hands. It is needless to observe that this brilliant idea emanated from the fertile brain of the chairman, who, being a printer by trade, understood the proposition that it does not cost any more to print a $1000 greenback than it does to print one worth only a dollar.

The committee appointed to have the proceedings published endeavored to induce the prohibition editor to accept pay for his work in one of the enlarged greenbacks proposed by the chairman, but he refused to recognize the value of money that was based only upon a fiat. The committee retorted that they did not see the difference between enforced monetary value and enforced temperance, which was putting the thing in a light that the editor never thought of before, but he was still obdurate.

Another Waif. In the west part of town two brothers are working for Mr. Songer, one of our citizens, and on Saturday last a sister from the country came to pay them a visit. The young lady was made welcome by Mr. and Mrs. Songer and on Monday he proved herself to be a valuable assistant to Mrs. S. in disposing of the washing for the day. In the evening the girl was taken severely ill, and her sudden attack alarmed the family to such an extent that a physician was sent for. Soon after the arrival of the doctor the cause of the young woman's sudden illness was explained by the appearance of a bouncing boy baby. Now here was a dilemma, as the mother had neglected to provide so much as a rag in the line of wearing apparel and the little stranger found itself an inhabitant of earth without a rag of clothing. To meet the emergency the neighborhood was ransacked and one little garment was obtained here and another there until quite an ample supply was furnished and the new comer was clothed after the fashion of youths of its tender age. Mother and child were allowed to remain with the family for a few days until they can be comfortably disposed of otherwise. The event created a genuine sensation in the neighborhood where it occurred and it will not be likely to afford the friends of the young lady any particular satisfaction when they learn of it.

Teachers' Institute. Several new comers appeared in the Teachers' Institute this morning swelling the number to nearly or quite a hundred. The exercises were opened as usual by singing and prayer, after which the programme as printed yesterday engaged the attention of the institute. The teachers assigned to the several branches seem to be well posted in their respective departments and well adapted to their work and the training which teachers receive during the session cannot fail to be great service to them in their work. The session for the day closed at one o'clock.

Meeting of the Supreme Lodge—Name Changed.

The Supreme Lodge, of what has been known as the Independent Order of Workingmen, held its annual meeting in Louisville, Ky., last week. Among other important items of business done was the changing of the name of the order, so that it is to be hereafter known as the Independent Order of Mutual Aid. The discussion on the change of name, on Friday night, was long and animated, and the opponents of the measure fought it with vigor. The most powerful argument brought to bear was that our enemies would say we were afraid to face them as the Independent Order of Workingmen. And the vote stood 10 for to 9 against, which defeated it, as a two thirds majority was required. On Saturday morning, however, Bro. Robert W. Wayne of Tennessee moved a reconsideration, and offered the name of Independent Order of Mutual Aid. His remarks in explanation of his change of opinion and vote were clear and eloquent, and carried conviction to some who were opposed to it. When the vote was finally taken there were 20 yeas to 4 nays—more than the required two thirds. And we are henceforth to be known as The Independent Order of Mutual Aid, a title far better suited to our order than the former one. To Tennessee is accorded the honor of renaming our noble order.

The following persons were elected as officers of the Supreme Lodge for the ensuing year:

Supreme President, A. I. Knapp, Tennessee.

Supreme Vice President, W. I. Cannon, Pennsylvania.

Supreme Secretary, Thomas Boldwin, Indiana.

Supreme Treasurer, I. I. Harcourt, Ohio.

Supreme Trustee, Freeman Wright, Missouri.

The order is having a rapid growth all over the country and in Illinois particularly. The list of officers of the Grand Lodge for this State was given in these columns at the time of the meeting of the Grand Lodge, and it will be remembered that our fellow townsman Mr. I. L. Haworth has the honor of being the Grand Vice President.

The next meeting of the Supreme Lodge will be held at Cincinnati and should the order continue to grow for the year to come as it has done since its organization it will by that time be one of the largest associations of the kind in the country.

AN ASTONISHING FACT.

A large proportion of the American people are to-day suffering from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower, your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent.

THE GREENBACK COUNTY CONVENTION.

This body convened to-day at 2 o'clock in the grand jury room, and after some delay in waiting for the arrival of delegates the meeting adjourned to the office of Justice Wood, for more room and better air. Here the meeting was called to order by Thomas Beadley, of Macon, who was appointed chairman. T. B. Campbell of Austin was appointed secretary.

Samuel Shelley, of Decatur, Mr. Merris of Macon, and Mr. Knotts, of Wheatland, were appointed a committee on credentials.

At this point Capt. Josh Wilkinson, of Niantic, arose and protested against Col. P. W. Taylor holding a seat in the convention, on the ground that he had already participated in the Prohibition Convention.

Loud calls for order from the President failed to silence the captain, who felt that the rights of the convention were violated by allowing Col. Taylor to act in the convention under the circumstances, and he declared that no mixture of salt ... cold ... juice should be forced down the necks of delegates. Finally, however, the personal persuasion of John Lindsay and some others led the Captain to waive his objections before the convention.

The committee on credentials is in consultation as we go to press and the balance of the proceedings will appear to-morrow.

THINK FOR YOURSELF.

Thousands lead miserable lives, suffering from dyspepsia, a disordered stomach and liver, producing biliousness, heartburn, costiveness, weakness, irregular appetite, low spirits, raising food after eating, and often ending in fatal attacks of fever. They know they are sick, yet get little sympathy. The unfailing remedy, which is yearly restoring thousands is DaCosta's Radical Cure. Sold by Dr. A. J. Stoner.

A 25c bottle will convince you of its merits. Don't delay another hour after reading this, but go and get a bottle and your relief is as certain as you live. Will you do it or will you continue to suffer. Think for yourself.

Warmer to-day.

Corn in the country is in full tassel.

Mosquitoes are presenting their bill.

The song of the locust is heard in the land.

Does that howl at night mean anything that should be abated.

Barnum's date for Decatur is August 6th. Don't mistake the day, boys.

Church prayer meetings this evening to which the public is cordially invited.

Republican primaries in all the wards to-morrow evening. See calls in another place.

Thomas Lee and I. D. Walker have organized a law firm with an office over Martin's restaurant on East Main street.

With a hundred school masters and school marms in the city the young idea ought to learn to shoot rapidly.

Barnum's advertising car left this morning at six o'clock for Litchfield where the show is to make its next stand after leaving Decatur.

Barnum's [illegible] expenses are two thousand dollars per day. So he can't very well afford a small attendance.

Don't forget the district primaries to be held on Thursday evening of this week, at which delegates to the county convention are to be chosen.

Decatur street is being graded, the dirt being thrown up from the sides to the middle. The tendency of the operation will be to turn the water from the street to the ditches at the sides, and the effect will also be to greatly improve the looks of the thoroughfare. Good, clean-looking smooth streets are among the best certificates that a town can furnish of enterprise and thrift.

From Friend's Creek we learn that [illegible] [illegible] by the corn. Hay and oat harvest [illegible] completed this week, if the weather [illegible] favorable. Both crops are immense in that region.

The telephone to be used by Haworth & Son between their new office at the corner of Water and South Park streets and their factory at the corner of Morgan and Cerro Gordo streets will be the first one used for business purposes in the city.

Last night's temperature was just right for a pleasant promenade or ride and it was well improved. The sidewalks were alive with pedestrians and a large number were out for a drive or a horseback ride. Indeed Decatur put on metropolitan airs last night.

It is estimated that from two to three thousand people visited Barnum's advertising car at the depot yesterday and the expressions of admiration of the beautiful workmanship were universal. The like has never been seen here before.

Mason street is undergoing thorough repairs, after the fashion of Eldorado street between Church and Main streets. This is one of the worst streets in the city in a muddy time and the rounding up in the centre with good ditches at the side will be an improvement which it has long needed. Several other streets should receive similar treatment.

The excellent crop prospect in this county this year will probably have the effect to change the minds of some people who had determined to emigrate this fall. Good crops will do much to content them where they are. All this part of the country needs to insure abundant harvests is good weather.

Many people who pass over the plank walk on the west side of North Main st between the railroad and Green street are anxious to know how soon the walk named will be repaired. There is not a plank in the entire distance named that is not loose, and the spikes raise their heads to an altitude that is decidedly dangerous to ladies' dresses and which put [illegible] leather in jeopardy.

Two or three embryo neighborhood quarrels have transpired lately in different parts of the city, but none of them progressed far enough to furnish business for the police courts. We understand that women were the principal actors and that tongues were the only weapons used but it is said that a woman who is right mad can give some savage licks with the unruly member. Keep cool ladies and bridle your tongues or they will get away with you. A war of words is quite likely to culminate in something more serious.

GREENBACK PRIMARIES

The primary meetings of the greenback party were held last evening, as announced in our paper of yesterday, and full delegations were elected. Those in the first district are said to be divided in sentiment on the question of Congressman, some favoring Shelley, while others are divided between John Lindsay and P W Taylor. The second ward delegates are enthusiastic for Shelley. We have no report from the third.

In the fourth ward the meeting was large and enthusiastic. We have been furnished the proceedings in full, (the publication of which the Prohibition organ refused unless paid 10 cents per line), and while we would like to publish them verbatim we have only room for the following synopsis.

F J Smith called the meeting to order, and moved that I N Coltrin act as chairman, and W I Usrey as secretary.

Pending this motion the question was raised as to the residence of participants in the meeting. On motion it was decided that the place where a man does the most of his thinking is the proper residence of a good greenbacker.

C H Barr was then chosen secretary, and the meeting went on.

Moved that we proceed to the election of delegates. Amended by declaring that 1st, We elect delegates without regard to the quota, they casting only the votes to which they are entitled. 2d, That as the ward desires to be *well* represented we select *able* men, regardless of the place where they reside.

Eight delegates and eight alternates were then chosen.

[The list of delegates embraces the names of some of our best citizens among them being bankers, barbers, brewers, lawyers, merchants, etc.]

Major Smith, the hero of Chepultepec offered the following preamble and resolution which was adopted by a rising vote with prolonged cheers:

Whereas, Samuel Shelley, Esq. is acknowledged to be the father of the greenback movement in Macon county, and we know him to be a man of ability and sterling integrity, a hard working man who sympathizes with the capital oppressed masses and knows their wants, a man whom the monied powers cannot corrupt or purchase: therefore,

Resolved, That the delegates from this district be instructed to vote for and use all means to secure the nomination and election of Mr. Samuel Shelley as a candidate to represent this district in the Congress of the United States of America.

On motion W. I. Usrey was chosen special reporter to furnish the press of this city with a full report of the proceedings of this meeting.

The meeting adjourned with three cheers for the greenbackers.

The temper of the meeting was unmistakably in favor of "more money." One delegate proposed to have the greenback printed larger so as to be more valuable and so that when a man had a dollar he would [illegible] [illegible]. But the proposition that was received with most favor was to have a blank space left after the figures on each greenback, so that when the holder of one became hard up he could add three or four more ciphers and thus have the means of inflating the currency in his own hands. It is needless to observe that this brilliant idea emanated from the fertile brain of the chairman, who, being a printer by trade, understood the proposition that it does not cost any more to print a $1000 greenback than it does to print one worth only a dollar.

The committee appointed to have the proceedings published endeavored to induce the prohibition editor to accept pay for his work in some of the enlarged greenbacks proposed by the chairman but he refused to recognize the value of money that was based only upon a fiat. The committee retorted that they did not see the difference between enforced monetary value and enforced temperance, which he was putting the thing in a light that the editor never thought of before, but he was still obdurate.

Another Waif. In the west part of town two brothers are working for Mr. Songer, one of our citizens, and on Saturday last a sister from the country came to pay them a visit. The young lady was made welcome by Mr. and Mrs. Songer, and on Monday she proved herself to be a valuable assistant to Mrs. S. in disposing of the washing for the day. In the evening the [illegible] was taken severely ill, and her sudden attack alarmed the family to such an extent that a physician was sent for. Soon after the arrival of the doctor the cause of the young woman's sudden illness was explained by the appearance of a bouncing boy baby. Now here was a dilemma, as the mother had neglected to provide so much as a rag for the little one in the line of wearing apparel and the little stranger found itself an inhabitant of earth without a rag of clothing. To meet the emergency the neighborhood was ransacked and one little garment was obtained here and another there until quite an ample supply was furnished, and the new comer was clothed after the fashion of youths of its tender age. Mother and child were allowed to remain with the family for a few days until they can be comfortably disposed of otherwise. The event created a genuine sensation in the neighborhood where it occurred and it will not be likely to afford the friends of the young lady any particular satisfaction when they learn of it.

Teachers' Institute. Several new comers appeared in the Teachers' Institute this morning swelling the number to nearly or quite a hundred. The exercises were opened as usual by singing and prayer after which the programme as printed yesterday engaged the attention of the institute. The teachers assigned to the several branches seem to be well posted in their respective departments and well adapted to their work and the training which teachers receive during the session cannot fail to be great service to them in their work. The session for the day closed at one o'clock.

Meeting of the Supreme Lodge—Name Changed.

The Supreme Lodge, of what has been known as the Independent Order of Workingmen, held its annual meeting in Louisville, Ky., last week. Among other important items of business done was the changing of the name of the order, so that it is to be hereafter known as the Independent Order of Mutual Aid. The discussion on the change of name, on Friday night, was long and animated, and the opponents of the measure fought it with vigor. The most powerful argument brought to bear was that our enemies would say we were afraid to face them as the Independent Order of Workingmen. And the vote stood 10 for to 9 against, which defeated it, as a two thirds majority was required. On Saturday morning, however, Bro. Robert W. Wayne of Tennessee moved a reconsideration, and offered the name of Independent Order of Mutual Aid. His remarks in explanation of his change of opinion and vote were clear and eloquent, and carried conviction to some who were opposed to it. When the vote was finally taken there were 20 yeas to 4 nays—more than the required two thirds. And we are henceforth to be known as The Independent Order of Mutual Aid, a title far better suited to our order than the former one. To Tennessee is accorded the honor of renaming our noble order.

The following persons were elected as officers of the Supreme Lodge for the ensuing year:

Supreme President, A. I. Knapp, Tennessee.
Supreme Vice President, W. I. Cannon, Pennsylvania.
Supreme Secretary, Thomas Boldwin, Indiana.
Supreme Treasurer, J. I. Harcourt, Ohio.
Supreme Trustee, Freeman Wright, Missouri.

The order is having a rapid growth all over the country and in Illinois particularly. The list of officers of the Grand Lodge for this State was given in these columns at the time of the meeting of the Grand Lodge, and it will be remembered that our fellow townsman Mr. I. L. Haworth has the honor of being the Grand Vice President.

The next meeting of the Supreme Lodge will be held at Cincinnati and should the order continue to grow for the year to come as it has done since its organization it will by that time be one of the largest associations of the kind in the country.

AN ASTONISHING FACT.

A large proportion of the American people are to-day suffering from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower, your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent.

THE GREENBACK COUNTY CONVENTION.

This body convened to-day at 2 o'clock in the grand jury room, and after some delay in waiting for the arrival of delegates the meeting adjourned to the office of Justice Wood, for more room and better air. Here the meeting was called to order by Thomas Beadley, of Macon, who was appointed chairman. T. B. Campbell of Austin was appointed secretary.

Samuel Shelley, of Decatur, Mr. Morris of Macon, and Mr. Knotts, of Wheatland, were appointed a committee on credentials.

At this point Capt. Josh Wilkinson, of Niantic, arose and protested against Col. P. W. Taylor holding a seat in the convention, on the ground that he had already participated in the Prohibition Convention.

Loud calls for order from the President failed to silence the captain, who felt that the rights of the convention were violated by allowing Col. Taylor to act in the convention under the circumstances, and he declared that no mixture of salt [illegible] [illegible] on juice should be forced down the necks of delegates. Finally, however, the personal persuasion of John Lindsay and some others led the Captain to waive his objections before the convention.

The committee on credentials is in consultation as we go to press and the balance of the proceedings will appear to-morrow.

THINK FOR YOURSELF.

Thousands lead miserable lives, suffering from dyspepsia, a disordered stomach and liver, producing biliousness, heartburn, costiveness, weakness, irregular appetite, low spirits, raising food after eating, and often ending in fatal attacks of fever. They know they are sick, yet get little sympathy. The unfailing remedy, which is yearly restoring thousands, is DaCosta's Radical Cure. Sold by Dr. A. J. Stoner.

A 25c bottle will convince you of its merits. Don't delay another hour after reading this, but go and get a bottle and your relief is certain as you live. Will you do it or will you continue to suffer. Think for yourself.

The Art of Kissing.

Never kiss a young girl if she don't want you to. The main ingredient that makes kissing endurable is a willingness on the part of the female. If it deepens into anxiety so much the better. When a girl claws a man's hair and scratches his face like a fool, drop her at once. She is destitute of good taste and natural affection, and the sooner you make love to her sister the better. As long as a girl don't claw and yell and struggle like a panther it is perfectly safe to continue prospecting. Get a little behind her, pass the right arm around the waist in front, take the left, and if you don't know what to do next go and associate with the boys in the First Ward. If you are just beginning to teach a sly young girl, who has only been kissed heretofore by her brothers and father, touch your lips gently to her forehead. She will take this for an exhibition of profound respect. When that position has been gained, working the way down to the lips is as natural and easy as the course of a log sliding down a wood flume. Never sit down to kiss, it looks awkward in case anybody is looking, and seems awkward anyhow. Stand up, and the closer you press the girl the higher estimate she will place on your experience, good taste, common sense and experience.—*Portland Times*.

An editor in Cincinnati, puffing air tight coffins, said: "No person having once tried one of these coffins will ever use any other."

"I suppose," said little 5 year old, in her quiet, thoughtful way, "I suppose there are men under ground that push up the flowers don't you, mamma?"

An Irishman was told by a teacher that his charge for tuition was two guinea the first month, and one guinea the second. "Then be jabers," said Pat, "I'll begin the second month now."

WHEN Beau Nash was sick, the doctor asked him if he had followed his prescription. "No, doctor," said Nash, "if I had I should have broken my neck, for I threw it out of the second story window."

ENJOY LIFE.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health, but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaints is the direct cause of 75 per cent of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

WHY THE HAIR FALLS OUT,

AND HOW TO RESTORE ITS STRENGTH AND COLOR. Each hair is encircled by a little vessel or gland, the latter being nourished by a small blood vessel. As long as these blood vessels furnish sufficient encouragement the hair will continue to grow, but if from disease or other cause they become torpid or obstruct ed the hair will necessarily become dry and fall off. It is here the wonderful virtues of "London Hair Color Restorer" are manifested, as its tonic properties cause the hair follicles to increased activity and completely restore the scalp to a healthy condition, and a fine growth of hair in its natural youthful color is sure to be the result. Apart from its tonic and coloring qualities, London Hair Color Restorer is the most cleanly and lasting of all hair dressings, making it indispensable on the toilet of every lady and gentleman. Sold at 75 cents a bottle by all leading druggists.

THE DAILY REPUBLICAN,

Now in the [illegible] Year of its existence, long ago ceased to be AN EXPERIMENT, and has come to be regarded as

One of the Permanent Institutions

of Decatur. Its circulation is larger than that of any other daily paper ever published in Decatur, and is not of the fluctuating sort, which characterizes most new papers that are taken a week or two on trial and then dropped, but on the contrary, its readers are in a large degree made up of the very best class of our citizens who subscribe and pay for the paper

BY THE YEAR.

A glance at our daily closing column will show that this fact is realized by our patrons who are among the oldest and best of our business men and who make their contracts for advertising like they place their insurance

When a girl claws a man's hair and scratches his face like a fool, drop her at once. She is destitute of good taste and natural affection, and the sooner you make love to her sister the better. As long as a girl don't claw and yell and struggle like a panther it is perfectly safe to continue prospecting. Get a little behind her, pass the right arm around the waist in front, take the left, and if you don't know what to do next go and associate with the boys in the First Ward. If you are just beginning to teach a shy young girl, who has only been kissed heretofore by her brothers and father, touch your lips gently to her forehead. She will take this for an exhibition of profound respect. When that position has been gained, working the way down to the lips is as natural and easy as the course of a log sliding down a wood flume. Never sit down to kiss, it looks awkward in case anybody is looking, and seems awkward anyhow. Stand up, and the closer you press the girl the higher estimate she will place on your experience, good taste, common sense and experience.—*Portland Times.*

An editor in Cincinnati, puffing air tight coffins, said: "No person having once tried one of these coffins will ever use any other."

I suppose, said little 5 year old, in her quiet, thoughtful way, "I suppose there are men under ground that push up the flowers don't you, mamma?"

An Irishman was told by a teacher that his charge for tuition was two guineas the first month, and one guinea the second. "Then be jabers," said Pat, "I'll begin the second month now."

When Beau Nash was sick, the doctor asked him if he had followed his prescription. "No, doctor," said Nash, "if I had I should have broken my neck for I threw it out of the second story window."

ENJOY LIFE.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health, but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of 75 per cent of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

WHY THE HAIR FALLS OUT,

AND HOW TO RESTORE ITS STRENGTH AND COLOR. Each hair is erected by a little vessel or gland, the latter being nourished by a small blood vessel. As long as these blood vessels furnish sufficient encouragement the hair will continue to grow, but if from disease or other causes they become torpid or obstructed, the hair will necessarily become dry and fall off. It is here the wonderful virtues of "London Hair Color Restorer" are manifested, as its tonic properties stimulate these hair follicles to increased activity and completely restore the scalp to a healthy condition, and a fine growth of hair in its natural youthful color is sure to be the result. Apart from its tonic and coloring qualities, London Hair Color Restorer is the most cleanly and lasting of all hair dressings, making it indispensable on the toilet of every lady and gentleman. Sold at 75 cents a bottle by all leading druggists.
